AMERICAN AND FOREIGN OFFICE.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington.
This Agency is not only the largest in New England, but through its inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS
During the time I occupied the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston did business at the Patent Office, as Solicitor of procuring Patents. There were few, if any persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity and success. I *regard* Mr. Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents
From the present Commissioner
AUGUST 17th, 1855.—During the time I have held the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, has been extensively engaged in the transaction of business with the office, as a solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse CHAS. MASON

Railroad Massacres.

The late dreadful accident, on the N. Y. Central Railroad, near Utica, by which seven lives were lost, and a great number of persons shockingly if not fatally injured, has aroused for the moment, the attention of the press and the public, so often and painfully excited of late years by similar disasters.

It seems plain and certain, that the primary cause of this calamity was the miserably rotten condition of the timbers of the bridge, especially the string-pieces, over which the trains were passing at the time—two trains, going in opposite directions, happening to cross the bridge at the same moment, and their united weight proving too much for the rotten old structure to sustain. The string-pieces were some forty feet in length, of a kind of wood called bastard elm, the general tendency of which is rather to decay than to season; and various persons resident in the neighborhood are proved to have noticed the wretched condition of the bridge, some time before the occurrence of the calamity. Yet, somehow or other, it seems to have escaped the observation, or at least the attention, of the superintendent and other officers of the road. And this sad accident, which carries mourning and suffering into so many families, is the consequence.

It is stated, in some of the newspapers, that the Railroad Company will probably suffer a pecuniary loss of one hundred thousand dollars, in the way of personal claims for damages, by this occurrence. It might well be a MILLION of dollars, if the infliction of such a penalty could be made to insure a vigilant care in future by the Company, and thence a virtual guarantee of the safety of travellers, against such needless slaughter.

We believe that fully one-half the fatal railroad disasters, and especially the more calamitous ones, in this country, are the result of gross negligence or criminal recklessness. Such was clearly the fact in reference to the appaling calamity at Norwalk, Conn., five or six years ago, by which 47 lives were lost; such was the case in the wholesale slaughter of School children and others, near Philadelphia, a few months since; the same is strictly true of this Utica massacre—and so of many other instances. When *will* legislators provide due penalties and preventiv . . .

BLACKWOOD ON MODERN MANNERS.—Seriously, says a writer in Blackwood, I do not think the clubs alone have to answer for the decrease in early marriages. No sensible man, of moderate means, picks his wife out of a ball-room, or an opera box, however much he may like to see her there. A true woman has much more chance—we all know of it—of winning any love that is worth her winning, in her own home, in her undress, in her little naturless everyday unstudied graces, sitting on a stile, loitering by a brook, rattling in a rail-way carriage, or busy and unconscious amid common household duties; than in what the sex choose to consider the especial scenes of their glories and their triumphs. There was much more chance of early marriages, and happy ones too, when neighbors of that large class who have children at their desire, but little substance to leave them, met as neighbors; when personal intercourse was more unrestrained; when a lad could grow up in intimacy with another family, and learn to call the girls by the Christian names without any fear of being asked his intentions; when there was such things as fishing parties, and lounging in gardens, and country rides and rambles on long summer mornings, and family dinners and round games on winter nights not to speak of extempore dances, to which no one minded going and returning eight or ten miles, packed into any kind of conveyance, six inside, or well wrapped up, three in a gig—"the more the merrier."

ADULTERATIONS OF LIQUORS.—Dr. Hiram Cox of Cincinnati, Chemical Inspector of Ohio, states that "during two years he had made 249 inspections of various kinds of liquors and has found more than nine-tenths of them imitations, and a greater portion of them poisonous concoctions. Of brandy he has not found more than one gallon of pure in a hundred gallons, the imitations having been whiskey for a basis, and various poisonous acids for the condiments. Of wines not a gallon in a thousand, purporting to be sherry, port, or sweet Malaga, is pure, but they are made of water, sulphuric acid, alum, Guinea pepper, horse radish and many of them without a single drop of alcoholic spirit. It is now an open question whether any more Madeira wine will be produced. None has been made since 1851, and there are now only 7000 or 8000 pipes upon the entire island. Dr. Cox warrants there are not ten gallons of pure port in Cincinnati. He also states that in his inspection of whiskey he found only from 15 to 20 per cent. of alcoholic spirit, when it should have been 45 to 50, and some of it contains sulphuric acid enough in a quart to eat a hole through a man's stomach."

A man who sold pop-corn, in the hall of the Chicago Post Office, not agreeing with Mr. Buchanan on the great National Democratic questions of the day, has received notice to quit. So says one of the journals of that city.

☞ We have been presented, by Mr. Charles E. Hammett, Jr., with a most capital likeness of the Rev. Henry Jackson.—It is lithographed by Endicott & Co., from an ambrotype by Williams of this city.—The style and success of the portrait reflect credit upon both artists.—Mr. Hammett has on hand a fine collection of engravings, together with a tasteful and elegant assortment of moulding for frames. There is no ornament for a room so attractive and graceful as pictures; and we always commend them in our columns with hearty good will.

CORRESPONDENCE.

NEW YORK, May 17, 1858.

MR. EDITOR:—The multitudinous anniversaries closed on Friday, the meeting of the American Board of Foreign Missions and the Women's Convention bringing up the rear. It was a week of constant activity and deep interest to many thousands, not only of our own residents, but of people from every point of the compass.

It is more than twenty years since I first had the pleasure of attending some of the anniversary meetings in this city; and it is something more than an ordinary gratification to see how greatly the channels of charitable and philanthropic effort have been deepened, enlarged and extended during the interval that has elapsed—to feel assured of the vast amount of light that has been diffused, of ignorance and suffering that has been removed or ameliorated, of hope and happiness that has been encouraged and secured, by means of these various associations.

What had the brilliant civilization of Pagan Greece, Rome and Egypt, in the olden time, with all their wonderful and exquisite achievements in art, to offer, in any just comparison with these outgrowths of modern Christian civilization? Nothing. And yet we should not boast, for the vast work that remains still unaccomplished shows how comparatively little has yet been performed. Some of the worst social and moral evils that have ever afflicted the race, still grow in rank luxuriance among us.—Of these especially are Slavery, Intemperance, and the fiendish spirit of War and Conquest. Oh, that our countrymen, animated by one noble and manly spirit, would speedily unite to banish these wrong and hateful things from our beloved land!

The following is a comparative statement of the receipts of the larger Societies for the last two years, as shown by their annual reports:

The Rev. Dr. Cheever, pastor of the Union Square Church, gave, last evening, a glowing and eloquent discourse in memory of the late lamented Rev. Dudley A. Tyng, of Philadelphia. Mr. T., it is generally known, was an Episcopalian clergyman, son of Rev. Dr. Tyng, of St. George's Church in this city. He was a young man of large heart, brilliant talents, and high accomplishments; and though nearly idolized by his congregation, had, a year or two since, lost caste with them and been virtually expelled from his pulpit, for espousing the Anti Slavery cause. He had, however, remained true to his convictions, and a fresh congregation had rallied to his support, when a sad accident, by a threshing machine, a few days since, led to his death.

The faithless and twaddling Board of Excise commissioners of this city, (Messrs. Kerr, Haskett and Holmes,) whose business it is to suppress the illegal liquor trade, have done just as near nothing as possible in this direction—if, indeed, their course has not tended, as many think, to its encouragement.

Our excise laws are quite foolish and iniquitous enough; but when you commit the administration of such laws to the hands of blind, foolish and unprincipled men, "the force of folly need no farther go." It is probable there are ten illegal liquor dealers, for every one that has been regularly licensed in the city during the past year.—And the consequences of the liquor traffic are horrid, constant, and well-nigh universal.

The new Catholic Church of the "Immaculate Conception," in 14th street, was yesterday consecrated by Archbishop Hughes.

Total mortality of the city last week, 401.

Sundry lots of milk-sellers, without licenses, and strongly suspected of the "swill" trade, exposed by Frank Leslie, have been jerked up by the Mayor, and fined $3 each.

RAMBLER.

WASHINGTON, Saturday, May 15th.

That the old Whig party is to be revived, under the same name, and with a plain national platform upon which all the late anti-Lecomptonites can stand, is now a settled question. The fundamental principles proposed are few and national, the first being "popular sovereignty," or the principle lately involved in the opposition to the Le[illegible] is to be "Economy of the Public Domain," a policy to sell the public lands, in small quantities to *actual settlers only*. It has also been proposed to substitute the free trade doctrine for that of a Protective Tariff, and to initiate the principle of Direct Taxation as a Revenue Measure; but this policy has not been agreed upon. A National Bank of Exchequer, on the Tyler plan, has also been talked of as a Revenue Measure. One of the greatest difficulties with the managers has been the selection of a name for the new organization. The term "Republican," in its original sense, was proposed, but the late sectional associations connected with that term were a fatal objection to its adoption. So with the original term "American"—its late associations were against it. The term "Union Party," was proposed, but, to the credit of the patriotism of the managers be it said, they were not disposed by the adoption of this term to recognize and precipitate a *Disunion* party. The term "Whig" was finally proposed and urged both on account of its history and national associations. The following definition was quoted from the lexicographers as particularly appropriate for the proposed organization:—"WHIG—One of a political party which had its origin in England in the seventeenth century, in the reign of Charles I or II. Those who supported the king in his high claims, were called *Tories*, while the advocates of popular rights, were called *Whigs*. During the Revolution in the United States, the friends and supporters of the war and the principles of the Revolution were called *Whigs*, while those who opposed them, were called *Tories* and Royalists." However appropriate or otherwise in the present case, the name "*Whig*," has been agreed upon by the managers, and is to be proposed in the forthcoming programme.

The action of the Senate on the Bill granting lands to the several States and Territories for the endowment of Agricultural and Mechanical Schools, is anxiously looked for by the friends of that measure throughout the country. The way the matter stands in that body is simply this: The friends of the measure have a preference for the Homestead Bill, introduced by Mr. Johnson of Tennessee, and will first try to pass that. Failing in this, they will take up the other measure, as a progressive step in the right direction. SPECTATOR.

SPRING THUNDER.

We know by the breath of the balmy air,
By the springing grass and the sunshine fair—
By the soft rain falling—as if in love
The sleeping blossoms and buds above—
By the tint of green on the forest brown
By the fallen tassels of aspen down,
By the lilac bud and the tufted larch—
That we have done with the wayward March.

We know by the call of the nestling bird,
As she feels her mother impulse stirred,
By the venturing forth of the lonely bee
(Like the dove sent out o'er the olden sea,)
By the croak of the frog in his willowy pond,
By the dove's low moan in the copse beyond
By the quickening pulse and the thrilling vein.
That April laughs into life again.

But not the sunshine, the breeze, the showers,
The tender green on the embryo flowers,
The voices of birds or the quickened sense,
Appeal with such startling eloquence
To the heart that yearns for the summer's reign,
(Weary and earth-sick from winter's chain.)
As that sound which seems through space to ring—
The first low thunder of wakened Spring!
O marvel not that the men of old
Deemed its deep music by gods controlled,
And, by the power that within them strove,
Called it the wrath of the mystic Jove—
For we are stirred with an awe profound
By that mysterious and sullen sound—
Nor give we faith to the birds and bloom
Till we hear that last of Winter's doom.

So in the Spring of our life's career
We stand and gaze on the opening year,
We feel the sunshine, we drink the breeze,
But no source of feeling is stirred by these;
Not till the voice of the stormy soul
Swells like the sound of the thunder's roll—
Not till the floodgates of sorrow break
In passionate tears—doth our Summer wake.

THE BEST WAY TO PAIR OFF.—The New York Evening Post's Washington correspondent says:—In the House, Wednesday when the yeas and nays were being called upon the final passage of the bill for the admission of Minnesota into the Union, the clerk announced the name of "Silas M. Burroughs." There was no response.—Again the clerk called "Silas M. Burroughs," but there was still no answer.—Mr. Haard of New York, arose with a countenance indicating that some fun was brewing, and said: "Mr. Speaker, I desire to state to the House that my colleague from the 31st district has 'paired,' or is about 'pairing,' for the remainder of the session." This announcement produced a shout of laughter from some of the members who appeared to be posted. The Union of this morning explains the laughter thus:

MARRIED.—In this city, on the 11th inst., at the church of the Epiphany, by the Rev. Dr. Hall, Hon. Silas M. Burroughs of New York, and Miss Charlotte S. youngest daughter of S. Britnall, Esq., formerly of Watertown, N. Y.

The verdict of the Court Martial in the trial of Major General Twiggs, of guilty of insubordinate conduct, to the prejudice of good order and military discipline, is approved; but in consideration of his distinguished services, and of the unanimous recommendation of the Court, the sentence, that he be reprimanded by the President, is remitted. Gen. Twiggs has arrived in Washington.

Providence, July 30, 1857.
C. A. P. Mason,—Dear Sir—I am now using the Alpine Hair Balm, which I had of you, with most happy results. On the 30th of June last, my hair (which had been gray for more than six years) was fast falling off; but on the third application of the Balm it ceased falling and is now firmly rooted, and very nearly its original color. By the use of one bottle, I confidently expect a complete, permanent, luxuriant and original head of hair. If every gray haired skeptic would *try it*, they would soon become "living epistles, known and read of all men," as having used the Alpine Hair Balm. Yours, &c.

TESTIMONY OF A LADY OVER 50 YEARS OF AGE.
Mr Mason, Sir—I write to inform you how pleased I am with your Alpine Hair Balm.—My hair has been gray for a number of years, and I have been obliged to wear a front piece and cap; but have always found a difficulty when having a bonnet on to keep the front piece from working back and showing the white hair. Finally I concluded I would try your Alpine Hair Balm. I used one bottle only and my hair has come back to its natural color, which was brown. My hair is now perfectly free from dandruff and is soft and glossy.
Very respectfully, SARAH LYON.

H. T. HELMBOLD—Dear Sir:—I have been troubled with an affliction of the Bladder and Kidneys for over twenty years. I have tried physicians in vain, and at last concluded to give your genuine preparation a trial, as I had heard it highly spoken of. It afforded me immediate relief. I have used three bottles, and I have obtained more relief from its effects and feel much better than I have for twenty years previous. I have the greatest faith in its virtues and curative powers, and shall do all in my power to make it known to the afflicted. CLEMENT & WILLIE'S WASHING MACHINE!!!
Superior to Any in Use!
PATENTED MARCH 11TH, 1856.

THIS Machine is in point of fact the only Washing Machine now in use. It excels all others in thoroughness and speed. It is very compact, light, simple in its construction, and requires but very little power for its operation. It washes the clothes with as little and even less wear than by hand. It will wash the finest lace collar or a heavy bed blanket without any change or different arrangement of the Machine. It washes every article separately and clean; consequently requiring no finishing on the common wash board, as is the case with all the other machines.
In offering this machine for sale, we feel confident we are offering no humbug—nothing but what WE KNOW to be a good and reliable Machine, and needs only to be used to be appreciated. We make the statement strong, and, if need be, can bring forward hundreds who will endorse the statement.
It is within the reach of every family, the price being only $6; and will pay for itself in a very short time. It is durable, and not liable to get out of order. It can be moved with as much ease as a common wash tub.

PROF. O. J. WOOD & CO.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to day we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold,) while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers; and the approbation, and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALUABLE PREPARATION.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.
Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative. We did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair.
We are, yours respectfully,

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.
Yours respectfully,

THE LIVER
INVIGORATOR.
PREPARED BY DR. SANFORD.
Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines, now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Catharic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

SANFORD'S LIVER INVIGORATOR

[illegible] BILIOUS ATTACKS are cured, and, WHAT IS better, prevented, by the occasional use of the Liver Invigorator. [illegible] DYSPEPSIA [illegible] CHOLIC [illegible] CHOLERA [illegible] JAUNDICE [illegible] CHRONIC DIARRHŒA [illegible] WORMS [illegible] DROPSY [illegible] AGUE, CHILL FEVER [illegible]

All who use it are giving their unanimous testimony in its favor.
☞ Mix Water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a **Diseased Liver.**

MEDICINES.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. Ayer's Cathartic Pills have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known.—Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these Pills to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him.

Have you the less serious symptoms of these distempers, they are the easier cured, jaundice, Costiveness, Headache, Sideache. Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, and kindred complaints all arise from the derangements which these Pills rapidly cure. Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are cast out like the devils of old—they must burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1 f23—d&w—3m.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell. Mass., and sold by all Druggists everywhere.

Swaim stamped on the sealing wax, and written on the label covering the cork, and a new label for the side of the bottle, composed of geometric lathe work, comprising nine different dies, which have been turned for the exclusive use of the proprietor, by Draper & Co., bank note engravers, of Phila. Four dies of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea," are engraved conspicuously on two turned strips, and a large semi-circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved, in small letters, the entry of the copyright.

SWAIM

is spelled correctly on the bottle and labels, or they may be imp sed on by medicines made in imitation of them by a person bearing a somewhat similar name, well calculated to deceive.

A CARD TO THE LADIES.

Dr. Dupongo's Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church st eet, and at 12 Washington Square, oppos[illegible] tate House. Orders for the trade so ad ressed will be supplied at lowest manufact rer's prices. Ladies by enclosing $1 to STURGIS & CO., Box 891, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country. a26—

HOWARD ASSOCIATION
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

TO all persons afflicted with Sexual Diseases, such as **Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet. Syphilis,** the Vice of **Onanism,** or **Self-Abuse,** &c. &c.

The Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary or .e treatment of this class of diseases in all their form and to give **Medical Advice Gratis,** to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

Just published, by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun,** Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

DR. DOW'S
GRAND MEDICAL HOUSE AND OFFICE,
NO. 7. ENDICOTT ST., BOSTON. NO. 7.
Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. D w, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania, Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhœa, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, regard to diet, or fear of exposure.

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have been very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

N. B. Dr. Dow attends personally to his patients, and warrants a perfect cure or no pay.

N. B. Dr. Dow cannot be seen at any other place except his office, No. 7 Endicott street, any hour, day or evening. m10—6m

"Buy Me and I'll Do you Good!"
Now is the time to use the Great Spring and summer Medicine.

Dr. LANGLEY'S ROOT AND HERB BITTERS.

Composed of Sarsaparilla, Wild Cherry, Yellow Dock, Prickly Ash, Thoroughwort, Rhubarb, Mandrake, Dandelion, &c.,—all of which are so compounded as to act in concert and assist Nature in eradicating disease.

The effect of this medicine is most wonderful—it acts directly upon the bowels and blood, by removing all obstructions from the internal organs, stimulating them into healthy action, renovating the fountains of life and vigor, purifying the blood, cleansing it from all humors, and causing it to course anew through every part of the body. They cure and eradicate from the system Liver Complaint—that main-wheel of so many diseases—Jaundice in its worst forms, all Billious diseases and Foul stomach, Dyspepsia, Costiveness, Humors of the blood and skin, Indigestion, Headache, Dizziness, Piles, Heartburn, Weakness, Pain in the Side and Bowels, Flatulency, Loss of appetite, and all kindred complaints caused by a torpid or diseased Liver, a disordered stomach, or bad blood, to which all are more or less subject in spring and summer.

If taken in larger doses, fever and ague may be broken up and cured at once. This has become a standard medicine, and is decidedly the *best* the world ever saw.

Price only 25 cents for the pint, and 37 1-2 cents for the quart bottle.

Sold by all medicine dealers everywhere.—Orders should be addressed to J. O. LANGLEY, Proprietor, 11 Marshall street, Boston, Mass.

both common and well known articles.

The following persons can be found, and are well known. We give a few extracts from their opinions about the

ROSEMARY.

Abram A. Truax, Esq., Rotterdam, N. Y., writes—"Am 75 years of age, and was bald 35 years; have used two bottles of your Rosemary, and my hair is now two inches long."

Rev. Sylvanus Cobb, Boston Mass.—"We had rather pay for it than have other preparations for nothing," &c.

Mrs. D. Taft, Cambridge, Mass.—"Have used your Rosemary with great success in keeping my hair black, as age was turning it fast."

Mr. Daniel B. Connor, Boston, Mass.—"Eight months ago I was bald—my hair is now long and healthy—I know your Rosemary has forced it to grow," &c.

Ossian E. Dodge, Esq., Vocalist, now of Cleveland, Ohio—"It gives a rapid growth and dark glossy texture, and does not soil the hat or pillow in the least; I know of nothing so valuable for the hair."

Francis Adams. Esq, Boston, Mass.—"It is the best thing for children's hair—the ladies are delighted with it," &c.

Rev. C. W. Denison, Buffalo, N. Y.—"I find it excellent for the hair."

Mrs. L. Sweeny, Boston, Mass.—"It restored my hair to bald head, and from grey to black color," &c.

Hon. C. Hunt, Lowell, Mass.—"To remove dandruff, and keep the hair moist and glossy, we have never found anything so good."

M. Hoffman, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva, ay—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. Stocking, Esq. (Trinity College.) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but i is now moist."

A. F. Wood, Chemist, New Haven, Conn. —"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary." &c.

Revere House, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J. RUSSELL SPALDING'S Rosemary, obtained at 27 Tremont street, opposite the Museum, has produced this change."—Sarah J. Lord.

LOTTERIES.—The Lotteries of Samuel Swan & Co., are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner.—They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co., are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are up in the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mistify the buyer. Prizes vary from $40 to $60,000; every prize being drawn and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing, in the following papers:—Augusta (Geo.) Constitutionalist, New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch and Paulding (Miss.) Clarion.

S. SWAN & Co., Augusta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential.

LOTTERIES.—The well known Maryland Consolidated Lotteries, of which R. France & Co. are the managers, are chartered by the state of Maryland, and a commissioner elected by the people, who is sworn to superintend and certify that everything connected with them is done in a strictly honorable manner, and that the interests of parties who reside at a distance are as well protected as if they themselves were present at the drawing. Another fact which the managers call attention to, is, that all persons have a legal right to send orders for tickets to Maryland, as lotteries are legalized by special law in that state. A lottery is drawn every day in the month. If no particular class is named, orders are filled in the first drawing to take place after the communication comes hand. The prices of tickets vary from $1,00 to $20.—No tickets however, sent unless the money for the same is received with the order. The drawings are upon the principle of one number on each ticket (after the Havana plan), and Ternary combination. Prizes vary in amount from $20 to 1000,000. All orders for tickets or packages will receive prompt attention, and the drawing mailed to all purchasers immediately after it is over. Address

T. HUBBARD & Co.
No. 30 Fayette st., or Box No. 40,

☞ The Drawn Numbers of the Maryland Lotteries are published by the State Commissioner in the following Papers, viz. Sun, Clipper, Patriot, American, Argus, of Baltimore; also, the National Intelligencer and Union, of Washington, D. C.
